disklavier **ENSPIRE**™

Inspired Engineering

With over a century of refined craftsmanship and groundbreaking advances in piano manufacturing and technology, Yamaha has thrived on a long-established reputation of building world-class instruments. Over 30 years ago, Yamaha combined traditional craftsmanship with innovative engineering techniques to produce an instrument that is truly the apex of professional piano reproducing systems: the Yamaha Disklavier. Today, the Disklavier ENSPIRE™ personifies that harmony of traditional acoustic artistry and enhanced technological brilliance.

The world's most advanced piano

Experience A Piano Like No Other

At the heart of every Disklavier is a beautifully crafted Yamaha acoustic piano. Whether you are playing, being treated to a live performance or enjoying the playback of a recorded piece, you can delight in the presence and resonance of a superb sounding acoustic piano. The Disklavier ENSPIRE truly captures and illustrates the beauty of a piano performance. With just one tap, the keys and pedals of the Disklavier come to life, effortlessly in their motion, recreating a precise portrayal of the artist's intentions.

Effortless Integration

Wireless network connectivity and seamless compatibility with mobile devices, smartphones and computers allow control wherever you are. Yamaha MusicCast integration with Alexa voice control allows you to enjoy piano music anywhere in the home with simple voice commands.

Thousands of Performances In One Masterpiece

The Disklavier ENSPIRE allows you to revel in whatever music suits your mood or occasion, from classical solo piano or concerto selections to your favorite jazz or pop songs on piano – accompanied by audio and vocals. An easy-to-use and intuitive user-interface design provides direct access to over 500 built-in songs and over 6,000 performances that can be downloaded directly to the instrument from the Yamaha MusicSoft online store.

The ENSPIRE also offers revolutionary streaming radio and TV services, allowing you to discover and enjoy thousands of piano performances in the comfort of your own home. Piano Radio™ offers over 30 channels of music 24 hours a day and features original commercial recordings of your favorite artists, enhanced by piano accompaniment, while DisklavierTV™ allows you to enjoy viewable concerts and performances that play in sync with your piano, live and on-demand.*

*Optional streaming services in the US only at YamahaMusicSoft.com

Series

PRO

The pinnacle of reproducing technologies, the ENSPIRE PRO offers the highest resolution recording and playback paired with the highest quality acoustic pianos for those who want nothing but the best.

ST

A piano of unlimited potential, the ENSPIRE ST provides full recording and playback functionality, as well as the patented Yamaha SILENT Piano™ System for users who want more from their acoustic piano.

The Sound of Innovation

Yamaha SILENT Piano technology allows you to listen, learn and play without being disturbed or disturbing others. This innovative technology is built into every ENSPIRE ST and PRO model Disklavier, giving you increased flexibility and more opportunities to enjoy your piano.

Inspired By Technology, Powered By Performance

Extremely accurate recording functions allow teachers and students to critique recorded performances, providing new ways for students to enhance their musical development.

Internet-enabled remote capabilities grant institutions the power to teach and students the flexibility to learn and audition remotely.

Proprietary video sync technology gives educators the ability to create, archive and share an acoustic piano driven visual masterclass.

Sharpening The Cutting Edge

The Disklavier ENSPIRE PRO is the only instrument with fully integrated high-resolution recording and playback functionality. Equipped with a cutting-edge optical sensor system that meticulously captures every nuanced movement of the keys, hammers and pedals, the ENSPIRE will precisely reproduce the speed of each hammer as it strikes the string, the finest detail of your pedaling, and even the velocity of your key release.

CL

The ENSPIRE CL is the perfect experiential centerpiece for any environment. Add a sophisticated, fun or soulful musical ambiance to entertain and enjoy.
