Connecting to On-Demand

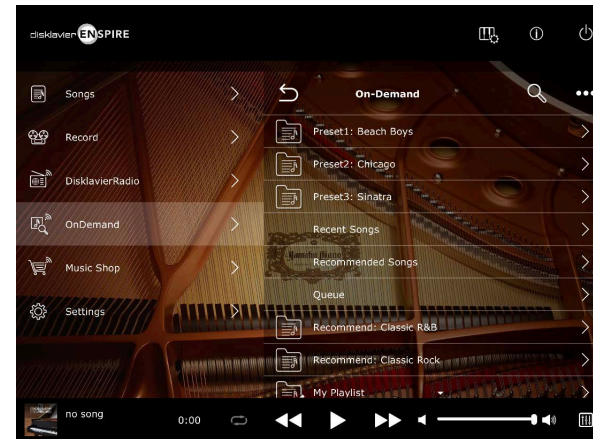

This On-Demand service allows you to search for and play your favorite songs, or collect your favorite songs to create Playlists on your own.

Tapping the On-Demand menu connects to the server and calls up the On-Demand screen.

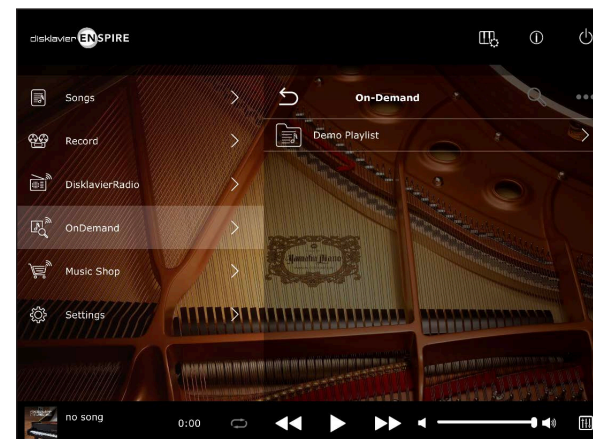

The screen that appears depends on whether you have subscribed to this service or not. If you are a non-subscribed member, there are restrictions on the functions you can use. You can confirm your subscription status and account on the Information screen. This manual explains the contents available to subscribed members.
